

ON LINE CONFERENCES (English language only)

Basic elements on European Funding programmes

CONFERENCE 1:

March 14th 2025, 15.00 – 17.00
EU Centralised Funding Programmes

OBJECTIVE: provide an overview of the Long Term Budget of the European Union and link funding and business opportunities for CNI members. Participants will familiarise with the funding programmes of the EU and will be able to discern between the different streams of funding (centralised Vs. decentralised) as well as the different opportunities (Call for Proposals Vs. Call for Tenders).documentation.

Participants will also familiarise with the core features of EU centralised funding programmes.

Structure of the Webinar and main topics

1. The Long Term Budget of the European Union and the Programming Period 2021-2027
2. The three streams of funding from Europe: 1) Structural Funds; 2) EU Centralised Programmes; 3) Procurement & Tenders
3. Snapshot of EU Centralised Funding Programmes: what are they, who gets funded, what do they finance...
4. Features of EU-funded projects
5. The lifecycle of a typical EU-funded project. From idea to funding, how long does it take and how hard is it?

Discussants

Luca Scappini, Consiglio Nazionale degli Ingegneri

Lorenzo Costantino, Chair of IDP European Consultants

CONFERENCE 2:

March 21st 2025, 15.00 – 17.00
Tender and Procurement Opportunities at European Level

OBJECTIVE: : the Webinar will provide an overview of the commercial opportunities provided by the tenders launched and managed by the EU institutions and bodies. After a brief description of the different tendering procedures, the webinar will provide examples of goods, services and works that are procured. The instructor will then provide quick operational guidance on how to navigate the Tenders Electronic Daily, the electronic repository of all the procurement opportunities available at EU level, empowering participants to browse opportunities and identify relevant documentation.

Structure of the Webinar and main topics

1. EU institutions and bodies go to the market to purchase goods and services and contract works: EU tenders
2. Examples of EU tenders: What do they buy? Everything...from toilet paper to skyrocket
3. Overview of the different procedures
4. Tenders Electronic Daily: how to identify opportunities and Calls for Tenders

Discussants

Luca Scappini, Consiglio Nazionale degli Ingegneri

Lorenzo Costantino, Chair of IDP European Consultants
